President's Message

After a refreshing off-season, I am thrilled to welcome you all back to the rink for what promises to be an exciting year of competition, camaraderie, and curling fun.

As we kick off the season, I'm looking forward to achieving a few important goals. First and foremost, I'm aiming to have all our leagues full this year, creating an even more vibrant and competitive atmosphere. Additionally, I hope we can foster great sportsmanship both on and off the ice, ensuring that every game is played in the true spirit of curling. Lastly, I'm excited to start signing up new major events for next year, expanding our calendar and continuing to grow our amazing community.

Here's to a fun, successful, and memorable curling season. I wish you all the very best, and I can't wait to see what we accomplish together!

Good curling to all!

Monday - Sep 30th, 2024 Seniors Mixed League 1st day of Curling Doors to GARC will open at 9am.

September 30 marks the National Day for Truth and reconciliation. The day honours the children who never returned home and Survivors of residential schools, as well as their families and communities. Public commemoration of the tragic and painful history and ongoing impacts of residential schools is a vital component of the reconciliation process. This federal statutory holiday was created through legislative amendments made by Parliament. Wear orange.

Both the National Day for Truth and Reconciliation and Orange Shirt Day take place on September 30.

Manager's Message

Time to get your curling moves on! As we welcome you all back to the upcoming season, many of you will be checking in with your teammates and fellow members asking how the summer went and what's new? Typical responses are went golfing & had lake and family time but for the me our family moved. Yes, we relocated our home here in the Park and moving means getting rid of "stuff" and personal items acquired over 30+ years. Our Nedohin family has been curling blessed with many national and international treasures that we have acquired over our years of elite competition. David, Alyssa and I are going to donate these items to the SPCC and raise funds for our junior curling programs! We hope you are moved by these hidden gems of curling swag! Many of items are from the Ferbey 4 and have some historical signatures!

I am always excited at this time of the year to welcome you all back to the club and check in on how my curling family is doing. It's time to move it move it! See you all so very soon!

“Curling In The County” Mural Wall

The SPCC Mural Wall has been an amazing additional art piece to the rinks shell and GARC. Many of you have seen the pictures on line of the piece and are impressed. However, as we have been at the club getting set up for the upcoming season, some members and none members are coming down to see it in person for the first time.

IT IS VERY IMPRESSIVE!

As a SPCC Member you are going to love it and be very proud to showcase it and share it with others in your circle of friends.

Comments from the pickle ball players has been overwhelming positive. They too are proud of what is up on display and are chatting a lot about it to teammates and friends.

A concern we have is that you may be distracted on the ice while you are playing! We advise you to keep your eyes on your own sheet and take pictures of it with the mural once the game is over.

The mural has lots of hidden messages and we encourage you to seek out the regional, provincial and national landmarks and animals that are displayed.

We have lots of info to share with you on this masterpiece put together by Josh Harnack. Like how Patrica the pig is proudly sitting on the hogline with her friend the rink rat watching her friends curl.

Overflow Parking Update

Reminder that when the parking lot gets full on double draw nights, overflow parking is in the West Hosford school. For additional lighting, walk along the street front vs taking the north trail through the trees.

NO parking on either side of the building. This is an emergency fire access way and your vehicle will be towed. Especially the ramp on the West side of the building near school playground.

NO parking on the outside of the concrete barriers

What can you do to have a successful start to the season?

1. Start stretching now!
2. Get out on the ice before you play: Take advantage of the practice ice available to all SPCC members September - . (Book online starting Sept .) Don't over do it! Start with a shorter practice session.
3. Clean your equipment! Dust off the broom, check your gripper for dirt and replace if needed

Bathroom Lobby Update

Towel pins have been mounted in the lobby of the bathrooms. Curlers can lean your brooms and hand your bags without using the baby change table. In the past we have noticed that large bags hanging on the change tables is causing damage. Thanks for your cooperation
